Brow Lamination Aftercare

Hints & tips to keep your brows looking

fabulous!

- For 24 hours after Brow Lamination treatment do not allow any water to contact your brows
- For two days after Brow Lamination do not steam your face, use a steam bath, swim or wash your face with hot water
- Do not use any oil based products on the brows or around the eye area
- Chlorine and excessive swimming under water can seriously shorten the life of the brow treatment
- Do not try and relax your Brow Lamination, please consult your therapist & book an appointment
- If you experience any itching or irritation, contact us as soon as you can
- Always book your next Brow Lamination appointment within 6-8 weeks
- We recommend booking in to re-tint your brows half way between brow lamination appointments to keep them looking their best ~ approximately 3 to 4 weeks after your initial brow lamination.
- We recommend purchasing brow gel or brow soap to keep your brows perfectly groomed.
